

LAB1825DESIGN

FURNITURE AND DECORATION

The LAB-Laborim & Bandeira was founded on September 6, 1825, has the letter by the King of Portugal D. João VI, this company was headquartered in Bairro Alto in Lisbon and was devoted to works in tin, was acquired by Joaquim Silva in the decade of 90th, who founded the Latoaria Ponte Rol in 1982, after a long journey of learning and experience in the art of making lanterns. Since then it gain is place in the market, by following and satisfying at is rhythm. The know-how between generations has been the secret of the continuity and progress of this family business. Today it's the sons of Joaquim Silva, Joaquim Pedro and Diogo Silva, who run the company, having as heritage a profound knowledge of the industry, and always with a step and eye in the future.

Diploma authorization letter "latoeiro", passed by D.João VI King of Portugal, will LAB-Laborim & Bandeira on September 6, 1825, This company was acquired by Latoaria Ponte Rol in the decade 90.
