About Us

The LAB-Laborim & Bandeira was founded on September 6, 1825, with last letter by the King of Portugal D. João, this company was headquartered in Bairro Alto in Lisbon and was devoted to works of tin, was acquired by Joaquim Silva in the decade 90 , who founded the Latoaria Ponte Rol in 1982, after a long journey of learning and experience in the art of making lanterns. Since then it has gained its place in the market through an evolution of this pace, always with the aim of accompany and serve. The stream of knowledge between generations has been the secret of continuity and progress of this family business. Today they are the sons of the founder, Joaquim Pedro and Diogo Silva, who run the company, having as inheritance a thorough knowledge of the industry, and always with an eye to the future.

Diploma passed by the King D.João
